

Great Glemham Farms

- **Farm and contract**

Contract renewal with FS Watts and Sons

Focus on soil health and reducing chemical inputs.

Mixed rotation

Minimum till drill

Green manures -mustard

Livestock –mutton flock and rare breeds

- **Rights of way**

Has been some cutting back on footpaths and tracks, asked to reinstate and be aware of issues

Asked contractors to be aware of rights of way and also walkers.

- **Conservation**

As previously reported much in the headlines. Lots of unknowns on future policy but working with Natural England and EA advisors to prepare for a new High Tier Stewardship

Focus on Water and a Landscape scale conservation –currently applied for a Water Environment Grant
